

# SCHOOLS TRIATHLON CHALLENGE WIN \$10,000 FOR YOUR SCHOOL!

Get your school moving for a great cause! As part of the Schools Triathlon Challenge, every dollar your students raise supports Diabetes Australia – and **your school could win \$10,000!**

There will be two winning schools – one at the Devonport event and one at the Hobart event. The prize will go to the **school with the highest fundraising average per student enrolled in the school.**

That means we'll divide your total funds raised by the number of enrolled students in your school, giving every school, big or small, a fair shot at victory.

If students would like to do their own fundraising, they can create their own fundraising page. Please make sure your students join your school page when they register, so their fundraising goes toward your school total.

## **Register your school today at**
